T800
Fully Rugged Tablet

- 8.1" HD LumiBond® 2.0 display for better viewing experience
- Getac proprietary SnapBack add-on featuring Smart card and contactless RFID reader Combo or 2nd expanded battery
- Choice of 1D/2D imager barcode reader, Serial port, Micro SD or Ethernet
- Up to 10 hours of battery life with one charge. LifeSupport™ battery swappable technology for uninterrupted battery life
- Enhanced Enterprise Security with optional Windows Disk Encryption, TPM 2.0 and many more multi-factor authentication options.
T800 Tablet

Built for today's mobile workforce, the new T800 fully rugged tablet features an 8.1” HD LumiBond® 2.0 display for better viewing experience, quad-core Intel processor technology, the latest wireless technology, runs Windows 10 Pro and has unique SnapBack add-ons. We designed the T800 to be the perfect combination of a compact rugged tablet without sacrificing screen size.

Customised Off-The-Shelf
The fact that we own our design and manufacturing process means that Getac can customise units to almost any configuration if the customer requires but we have two standard configurations of the T800 that should meet the majority of end users needs.

**T800 BASIC MODEL** (See back page for spec)
For the facility based mobile worker
The standard basic model of the T800 is designed for the mobile worker who needs the full day battery-life, full-office functionality and rugged credentials of the T800 but, perhaps being based at a single facility, does not require 4G connection or navigation assistance.

With a range of hardware module upgrades available as well as industry leading warranty, service and support options, this can be a complete mobile computing solution.

**T800 PREMIUM MODEL** (See back page for spec)
For the on-the-road mobile worker
The standard premium model of the T800 is designed for the mobile worker who needs the full range of connectivity options. With dedicated GPS, 4G/LTE, Bluetooth® and tri-pass-through dock connection, this is the choice of workers who need to be connected wherever they are. Getac’s own innovative antenna technology and the ability to connect to a vehicles hi-gain antenna ensure a maximum of signal strength and a minimum of coverage dropouts.

Fully Rugged 8.1” Tablet

Specifications

Operating System
Windows 10 Professional

Mobile Computing Platform
Intel® Atom Processor x7-Z8700 1.6 GHz, burst up to 2.40 GHz
- 2MB Cache

VGA Controller
Intel® HD Graphics

Display
8.1” TFT LCD HD (1280 x 800)
600 nits LumiBond® display with Getac sunlight readable technology

Storage & Memory
4GB LPDDR3 expandable to 8GB
eMMC 64GB / 128GB

Keyboard
6 tablet buttons
(Windows, Power, Function Key, Camera Capture/Barcode Reader Trigger, Volume Up, Volume Down)

Pointing Device
Touchscreen
- Capacitive multi-touch screen
- Optional dual mode touchscreen
  (multi-touch and digitizer)

Expansion Slot
Optional 1D/2D imager barcode reader, Serial port, MicroSD or Ethernet
Optional SnapBack add-on:
Smart Card and contactless RFID/NFC reader combo
Optional SnapBack add-on:
2nd expanded battery
Optional SnapBack add-on:
Smart card and Magnetic Stripe reader

Communication Interface
Optional 10/100/1000 base-T Ethernet
(occupies expansion slot)
Intel® Dual Band Wireless-AC 7265, 802.11ac Bluetooth (v4.0)
Optional dedicated GPS
Optional Gobi™ mobile broadband

I/O Interface
FHD webcam x 1
8M pixels auto focus rear camera x 1
USB 3.0 (9-pin) x 1
Headphone out/Mic-in Combo x 1
DC in Jack x 1
Micro HDMI x 1
Docking connector (24-pin) x 1
Optional RF antenna pass-through for GPS, WWAN and WLAN

Software
Getac Utility (including Power Manager)
Getac Geolocation
Getac Barcode Manager
Adobe® Reader®

Security Feature
TPM 2.0
Optional SnapBack add-on: Smart Card and contactless RFID/NFC reader combo

Power
AC adapter (65W, 100-240VAC, 50 / 60Hz)
Li-Ion battery (7.4V, 4200mAh)
